### 4. FIRST AID MEASURES

#### First Aid Procedures:

<b>Inhalation:</b>	Remove to fresh air. If breathing is difficult, administer oxygen. If the victim is not breathing, provide artificial respiration. Get medical attention if symptoms persist.
<b>Ingestion:</b>	If swallowed, give several glasses of water to drink. Never give anything by mouth to an unconscious person. Get medical attention.
<b>Skin Contact:</b>	In case of contact, flush skin with plenty of water. Remove contaminated clothing and shoes. Wash clothing before reuse. Get medical attention if irritation persists.
<b>Eye Contact:</b>	Check for and remove contact lenses. Immediately flush eyes with gentle but large stream of water for at least 15 minutes, lifting lower and upper eyelids occasionally. Get medical attention if irritation persists.

**General Advice:** Ensure that medical personnel are aware of the material(s) involved, and take precautions to protect themselves. Show this safety data sheet to the doctor in attendance.

**Notes to Physician:** Treat symptomatically

### 5. FIRE FIGHTING MEASURES

**Flammable Properties:** Non-flammable

**Flash Point:** Not applicable

**Auto-ignition Temp:** Not applicable

**Flammable Limits in Air (% by volume):** Not applicable

**Suitable Extinguishing Media:** Use extinguishing measures that are appropriate to local circumstances and the surrounding environment.

**Unsuitable Extinguishing Media:** No information found

**Hazardous Combustion Products:** No information found

**Specific Hazards:** No information found

**Special Protective Equipment For Firefighters:** As in any fire, wear MSHA/NIOSH approved (or equivalent) self-contained positive pressure or pressure-demand breathing apparatus and full protective gear.

**Specific Methods:** No information found

## 6. ACCIDENTAL RELEASE MEASURES

**Personal Precautions:** Ventilate area of leak or spill. Wear appropriate personal protective equipment as specified in the Exposure Control and Personal Protection Section 8. Avoid contact with eyes, skin, and clothing.

**Environmental Precautions:** Prevent further leakage or spillage if safe to do so.

**Methods for Containment:** Prevent entry into waterways, sewer, basements or confined areas.

**Methods for Cleaning Up:** Absorb spill with an inert material (e.g. vermiculite, dry sand, earth, cloth, fleece) and place in a suitable container for reclamation or disposal. Clean contaminated surface thoroughly. Never return spills in original containers for re-use. Clean up in accordance with all applicable regulations.

## 7. HANDLING AND STORAGE

**Handling:** Wear personal protective equipment (see section 8). Avoid contact with skin, eyes and clothing. Do not ingest or inhale. Wash thoroughly after handling.

**Storage:** Store in a cool, dry, ventilated area. Keep containers tightly closed and upright.

## 8. EXPOSURE CONTROL AND PERSONAL PROTECTION

### Exposure Limits:

**Product:** No information found

**Components:** No information found

**Engineering Controls:** In general, dilution ventilation is a satisfactory health hazard control for this substance. However, if conditions of use create discomfort to the worker, use process enclosures, local exhaust ventilation, or other engineering controls to maintain airborne levels to an acceptable level.

### Personal Protective Equipment:

**Eye/Face Protection:** Wear safety glasses or goggles.

**Skin Protection:** Wear appropriate clothing to prevent repeated or prolonged skin contact.

**Respiratory Protection:** Not expected to require the use of a respirator, however, if engineering controls do not maintain airborne concentrations to an acceptable level, an approved/certified respirator should be worn.

**General Hygiene Considerations:** Avoid contact with skin, eyes and clothing. When using, do not eat, drink or smoke. Always observe good personal hygiene measures, such as washing after handling the material and before eating, drinking, and/or smoking. Routinely wash work clothing and protective equipment to remove contaminants. Provide eyewash station and safety shower.
